Neurologist Dr. Scott Shulman joins MaineGeneral Medical Center's active staff

Scott Shulman, MD, a neurologist, has joined MaineGeneral Health Associates in Waterville and is a member of MaineGeneral Medical Center's active medical staff.

Shulman earned his medical degree from University of Pittsburgh School of Medicine in Pittsburgh, PA, where he also completed his residency training in neurology.

His practice includes a full spectrum of general neurology. He has clinical interests in stroke, spine disorders, headache and behavioral neurology. Shulman is certified by the American Board of Psychiatry and Neurology and holds subspecialty board certifications in vascular neurology and neuroimaging.

Before joining MaineGeneral, Shulman was the director of Stroke and Inpatient Neurologic Services at Eastern Maine Medical Center in Bangor.

Shulman is accepting referrals from area physicians. For more information or to make a referral, please call (207) 872-4451.
